

# ابراهيم أحمد البلوي

## IBRAHIM ALBALAWI

### PROFILE

Director of the Advanced Clinical Skills and Simulation Center at Prince Sultan Military College of Health Sciences, one of the leading simulation centers in the Eastern Region of Saudi Arabia

### ➤ EDUCATION

*holds a master's degree in healthcare and medical simulation from Hertfordshire University, UK. He is also a certified Team STEPPS Master Trainer and a Project Management Professional (PMP).*

### ➤ WORK EXPERIENCE

*an expert in healthcare simulation and clinical training. He has extensive experience in designing, integrating, and implementing healthcare simulation for both military medical training and undergraduate programs, where he helps develop and implement the "TOT on the Go for Simulation" and "TOT Pro for Simulation" courses. He is an active member of the Saudi Society for Simulation in Healthcare (SSSH) since its establishment and serves in several committees, including Agreements and Collaboration, Membership, Bylaws, and SSSH Branches. He was elected as the Chairman of SSSH Eastern Region Office. He has organized and participated in various SSSH events, such as workshops, conferences, and webinars, to promote and advance the field of healthcare simulation*

# أماني عبدالله عزيزالرحمن

## AMANI AZIZALRHMAN

### PROFILE

Pediatric Emergency Consultant at King Fahad Medical City (KFMC). Chairperson of Life Support Department and anatomy lab at Center for Research Education and Simulation Enhanced Training (CRESENT) in KFMC. Chairperson of the Advertisement and publicity at the Saudi Society for Simulation in Healthcare SSSH. Vice presidents of the Saudi Society for Simulation in Healthcare SSSH

### ➤ EDUCATION

A graduated from the KFMC pediatric residency program then pediatric emergency fellowship, and pediatric emergency Fellowship at Sickkids, Toronto, 2013. Simulation fellowship at University of Calgary, Alberta Children Hospital, KIDSIM Pediatric Simulation, 2014. Publication A Newly Developed Interprofessional In-Situ Simulation-Based Training for Airway Management of COVID-19 Patients: Identification of Challenges and Safety Gaps, and Assessment of the Participants' Reaction 2022 , Abdullah AlMarshed, Emad Masuadi, Henk Schmidt, Mohamud Mohamud, Hani Lababidi, Amani Azizalrhaman, Usamah Alzuraigi, Asim Alsaed. Debriefing after simulation-based scenario to improve non-technical skills for healthcare teams in Emergency Departments – A Randomized Control Study. Proceedings of the Saudi Health Simulation Conference 2018. Adv Simul 3, 6 (2018). <https://doi.org/10.1186/s41077-018-0065-6>.

### ➤ WORK EXPERIENCE

Simulation Pediatric emergency fellowship director from March 2018 till 2021. Speaker in several conferences regionally and internationally, part of the scientific and organizing committee in couple of conferences national and international focusing on Simulation and Pediatric emergency such as in IMSH2014, IMSH2016, W21C SIMposium in Calgary 2014, simulation summit Toronto2014, 1st Saudi Health Simulation Conference workshop 2015, Princess Nourah bint Mohamed bin Saud Al Saud, Nov2017, Saudi Health Simulation Conference workshops 2018, Saudi Health Simulation Conference workshops2019, Saudi Health Simulation Conference workshops2022. Head of scientific committee The Saudi Society of Simulation Scientific Assembly 2, member of scientific committee at Saudi Health Simulation Conference workshops 2022

# رولا عبدالرحمن الرباح

## ROLLA ALRBAH

### PROFILE

Chair of Quality Improvement and Patient Safety and an Emergency Medicine Consultant at King Abdullah bin Abdulaziz University Hospital (KAAUH) and the leader of a successful CBAHI and JCIA accreditation chapters in Emergency Medicine Department

### ➤ EDUCATION

Graduated from King Saud University with MBBS, Board Certified Emergency Medicine Consultant, completed my fellowship at University of California- Irvine (UCI) in clinical simulation and medical education and received an award of excellence. Acquired the M.S. degree in Academic Medicine and medical Education from the University of Southern California (USC) an elite university and ranked one of the top 20 universities. Certified Health Simulation Educator (CHSE) certified from the Society of Simulation In Healthcare (SSIH) and a graduate of the American College of Emergency Physicians (ACEP) Teaching Fellowship

### ➤ WORK EXPERIENCE

publication and special interest in Tele-simulation and outreach medical training and have established the Innovation Unit at my capacity as the Director of Operation and Director of Life support Center at Princess Nora University Simulation center prior to my appointment as the Executive Director with four focuses: Innovation and Research in Simulation, Tele-simulation and outreach, Virtual and Mixed reality in simulation-based education and 3D printing. I am the leader of PNU simulation center SSIH (Society of Simulation In Healthcare) accreditation mission which was successfully fulfilled with a full accreditation in - less than 1 year-all main domains: Core, Teaching and education, assessment and research. A member of the Founder Executive Board of the Saudi Society of Simulation in Healthcare (SSSH) , the Chair of the Medical Education Section at the Saudi Arabian Society of Emergency Medicine (SASEM).I have also chaired multiple committees at PNU/KAAUH and have contributed in several local and international renown conferences as a scientific / organizing committee chair, member or a speaker. Former Executive Director of the simulation center at Princess Nora University the largest simulation center in the world

## PROFILE

Simulation and Skills Development Center – KAAUH - PNU, AL Habtoor Group, Banks, Organizing exhibitions and conferences, Media Academy, Schools, Health sector, non-profit institutions and others

## ➤ EDUCATION/WORK EXPERIENCE

Practical, highly skilled individual demonstrating out-of-the-box thinking with a and innovative mind that is always ready for new Challenges. Optimizes cost-effective operations. Keen and very willing to learn and develop new skills. Planning to identify and develop opportunities. Active and dynamic approach to work and getting things done. Interested in robotics, energy, inventions, Sustainability. My skills are Openness to Diversity, improve impetus to growth, Detail oriented and articulate, Visionary Perspective, Initiative and Passion, Innovation and entrepreneurship, Decision making, Critical, Practical thinking, Time management, Adaptability, Flexibility, Communication, Interpersonal skills, Computer skills (Microsoft Office), Manufacturing and repairing damaged and creating educational Modules, new parts. I have attended multiple training to enhance my simulation experience examples Attending more than 70 workshops and training courses in various fields:

Arduino and microcontrollers, Leadership, Robotics and artificial intelligence, Change and creativity, Innovation, Project management, 3D printing, Entrepreneurial, Healthcare simulation, Sculpture and Moulage, Outside the Box, Community Health Volunteer Training Program, Heart saver First Aid CPR AED, Kerridge Training, Sales Technical, Continuing education courses in ICDL, Product design, Instructional Design, Design thinking, Education and Assessment, Building electrical circuits, Speaking, listening, and presenting, Managerial Behavior, Operations Specialists, Industry, Scientific writing and citation, Green innovation and Sustainable Development, Research, STEM, Energy. I have gained awards for my work: Earned Innovative idea Award 1ST Sim GHOSTS Saudi event 2020, earned First place for innovators Award Innovation Path Camp, earned 4th place poster presentation Award 5th SAUDI HEALTH SIMULATION CONFERENCE 2022.

# عبدالله عبدالعزيز المرشد

## PROFILE

leading KFMC simulation center (CRESENT). Director of (CRESENT) Center of Research, Education and Simulation Enhanced Training at CRESENT Simulation Center, King Fahad Medical . Medical Simulation Consultant, Integrating medical simulation in 38 residency program curricula.

## ➤ EDUCATION WORK EXPERIENCE

*an experienced Emergency Medicine Physician with a strong background in Medical Education, having undergone specialized training in Medical Simulation to enhance healthcare providers' performance, ultimately benefiting patient care and safety. My professional experience includes serving as the Director of Education for an outreach program aimed at advancing emergency care in peripheral hospitals. Furthermore, I have collaborated with the Saudi Commission for Health Specialties (SCFHS) on a national scale to integrate simulation into residency programs.*

*Collaborated with stakeholders to assess educational needs that formulate educational solutions using simulation. Chairperson Curriculum Development Department (2015-12 - 2022-10). Director of Education, National Development Program (2019-01 - 2020-01).*

## PROFILE

Advanced Nursing Diploma, 2003, Health Institute in Almadinah Bachelor of Nursing 2015 Taibah University, ACHIEVEMENT: Vice-chairperson And Secret Keeper for Social Media And Public Relation Committee At SSSH, Member Of Membership Committee At SSSH, 50 Training Programs, 50 Certificates Of Appreciation Shield Of Excellence In Simulation

## ➤ EDUCATION WORK EXPERIENCE

Advanced Nursing Diploma, 2003, Health Institute in Almadinah Bachelor of Nursing 2015 Taibah University, ACHIEVEMENT: Vice-chairperson And Secret Keeper for Social Media And Public Relation Committee At SSSH, Member Of Membership Committee At SSSH, 50 Training Programs, 50 Certificates Of Appreciation Shield Of Excellence In Simulation 2019. PRACTICAL EXPERIENCES:

- Participated with an Advanced nursing skills development course as an instructor 2023
- Participated with The Annual International Conference of the Saudi Scientific Society for Home Health Care as a speaker in 2023
- Participated in (Rapid Response Team Activation simulation-based Approach ) as a lecturer with nursing education and research in King Fahad Hospital.
- Participated in (worldwide pressure injury prevention day 2022) as a lecturer at prince sultan armed forces hospital.
- prepared simulation workshop (Nurses Leading the Way to Prepare Caregivers for Challenges in the Home: A new Era in driving Simulation) and participated as instructor in ( the 5th Saudi health simulation conference 2022 with ministry of health in Riyadh
- Participated in (the 5th Saudi health simulation conference 2022) with organizing committee.
- Work with organizing committee for simulation week 2022 in Saudi Arabia
- prepared simulation workshop (Nurses Leading the Way to Prepare Caregivers for Challenges in the Home : A new Era in driving Simulation) which is accredited from Saudi Health commission by 15 CME2022
- Work as nursing Educator at home health care center and clinical instructors with home health care diploma.
- Speaker with Saudi Society of Simulation in healthcare Scientific Assembly 2021
- c(why simulation in nursing education and why is it important ) which is accredited from Saudi Health commission by 7 CME 2021
- Work as nursing Educator At KSAMC
- Worked as primary nurse in PCIU at MMCH for 6 months
- Work as operator program in Covid-19 Critical Care Crash Course which trained more than 349 physician in Almadanah almonawarah .
- Work at CRECENT CENTER at KFMC in Riyadh 3 month

# عبدالرحمن ياسين صباغ

## PROFILE

Dynamic leader highly skilled in Strategic Planning and Coaching, with over 13 years of experience in Emergency Medicine, Health Professions Education, and Medical Simulation. Enthusiastic about improving training in healthcare utilizing various simulation-based learning modalities. Enthusiastic about growing sports in the community and coaching runners. Great history of leadership and involvement in the sports community in Saudi Arabia and GCC.

## ➤ EDUCATION WORK EXPERIENCE

*Ambassador for The Saudi Sport for All Federation and Elite Ambassador for Ecotrail Alula Ultramarathon. Experienced Long-distance marathon runner. I coach runners with an Athlete-Centered training approach*

*Academic:*

- *Physician Consultant, Emergency Medicine, and Trauma, Since Apr 2014. Clinical Simulation Fellow, BWH, Harvard Medical School Affiliated Hospital. Medical Education, MGHHP, Harvard Medical School Affiliated Hospital. Co-Founder: Founding Senior Faculty Member & Education Consultant for Health Academy (HA) at SCFHS, contributing with HA to promote better outcomes of patient care via better Education and Training in Healthcare. Curriculum Developer and Reviewer of various programs; Health Coach, Dental Assistant Technician, Medical Dispatch Technician, Case Coordinator, and Case Manager.*
  - *Speaker in national and International Scientific conferences in Emergency Medicine, Clinical Simulation, Medical Education and Sport Medicine, Chairman of Scientific committees at international conferences in Emergency Medicine and Healthcare Simulation.*
  - *2022, Judge, Gameathon at Alfaisal University, Fitness and Rehabilitation track. Part of Gamers8 Season by Saudi ESport Federation.*
  - *2021, International Clinical Examiner – clinical exam for Kuwaiti Board of Emergency Medicine, Kuwait Institute for Medical Specialties.*
  - *2019, Consultant – The Global Center for Mass Gathering, Ministry of Health, Saudi Arabia.*
  - *ToT Train of Trainers course Faculty by SCFHS and Riyadh Health Cluster 2.*
  - *2017, ATLS Instructor at Harvard Medical School.*
  - *2012 –2013, Chief resident of emergency medicine residency training program in national guard's health affair - Riyadh, Saudi Arabia.*
  - *2009, President of Medical Students Club, Faculty of Medicine and Deanship of Students Affairs, Umm Al-Qura University.*
- Educations;*
- Mar 2019, A Systems Approach to Assessment in Health Professions Education Certificate by Harvard Macy Institute at Harvard Medical School.*
- *Feb 2018, Fellowship in Clinical Simulation, STRATUS Center for Medical Simulation, Brigham and Women's Hospital, A Teaching Affiliate of Harvard Medical School, Boston, USA.*
  - *Apr 2017, Comprehensive Instructor Workshop by Harvard Simulation Center for Medical Simulation, Boston Massachusetts, USA*

## PROFILE

Deputy Executive Director, Preoperative Quality & Patient Safety, Ministry of National Guard-Health Affairs, Director, Operating Room Services, King Abdullah Specialized Children's Hospital (KASCH), Consultant, Anesthesia & Intensive Care Medicine, King Abdulaziz Medical City (KAMC-CR), Treasurer, Board of Members, Saudi Society for Simulation in Healthcare (SSSH)

## ➤ EDUCATION WORK EXPERIENCE

*Education & Professional Development: 2018- 2019: Executive Master of Business Administration, Innovation and Entrepreneurship, Stockholm School of Economics (SSE), Stockholm, Sweden, 2012: Comprehensive Course for Medical Simulation, Harvard University, Boston, United States of America, 2011 - 2012: Faculty Development Program - 16 modules in Research Methodology, Joint Program: King Abdullah International Medical Research Center, MNGHA- American University of Beirut, Riyadh, Saudi Arabia, 2008: Fellowship, Cardiac Anesthesia, Critical Care and TEE St. Michael's Hospital, Toronto, Canada, 2006 - 2007: Fellowship, Pediatric Anesthesia, Sick Children's Hospital, Toronto, Canada, 2001 - 2006: Anesthesia Residency Training Program, University of Toronto, Toronto, Canada*

*Extracurricular Engagements*

- *Speaker Engagements: (15)*
- *Instructor & Training Engagements: (50)*
- *Conferences & Courses Leader Engagements: (7)*

*Academic & Research Judgment: (5)*

# عجلان علي الشهري

## PROFILE

Senior specialist at the Center for Research, Education, and Simulation Enhanced Training (CRESENT) at King Fahad Medical City (KFMC) in Riyadh involves designing and implementing objective structured clinical examinations (OSCEs), developing educational and assessment simulation programs, and instructing train-the-trainer courses

## ➤ EDUCATION WORK EXPERIENCE

*Ajjlan A. Alshehri is a highly accomplished professional with a diverse educational background and extensive experience in the field of medical education and simulation. Holding a Master's*

*degree in Medical Education from the University of Dundee, Scotland, and a Master of Science in Health and Hospital Administration from King Saud University, Alshehri has also obtained a Bachelor of Science in Radiological Imaging Sciences from KSU. He has also been involved in various leadership roles and projects, contributing significantly to the reaccreditation process with the Simulation Society in Healthcare (SSH) and spearheading initiatives to improve educational services and patient care during the COVID-19 pandemic. professional contributions extend to scientific achievements, where he has presented and published extensively, participated in conferences, and served as a reviewer for various journals and conferences related to simulation education. His commitment to continuous learning is evident through his attendance at numerous scientific activities, workshops, and training programs, focusing on areas such as educational technology, clinical simulations, assessment, and leadership. Additionally, he has taken on leadership roles in professional organizations, serving as a chairperson for various committees and task forces related to education, accreditation, and financial management within the healthcare and medical education sectors in Saudi Arabia.*

*In terms of professional development, Alshehri's dedication to enhancing his skills and knowledge is demonstrated through his memberships in prominent societies such as the Saudi Society for Simulation in Healthcare, the Saudi Society of Medical Education, and the Saudi Society of Health Professional Education. His active involvement in these organizations*

*showcases his commitment to staying abreast of the latest advancements and best practices in medical education, healthcare administration, and simulation, ultimately contributing to the improvement of healthcare services and professional education in Saudi Arabia.*

## PROFILE

Skills Development and Simulation Lab Manager PSMC, RIYADH  
Work experience was 6 years in military hospital in Tabuk city, in pediatric surgical ward, pediatric intensive care, adult intensive care.  
Married, have two sons. Professionally trained intensive care

## EDUCATION WORK EXPERIENCE

I have been published one research in World Journal of Public Health (Maternal Perception of Body Mass Index and Dietary Habits Leading to Obesity Among Saudi School Aged Children a Comparative Study).

Self-motivated lecturer brings proven leadership, organizational and customer relations skills.

Independently solves problems and keeps teams on task to handle diverse business requirements.

History retaining clients and talented staff. Driven Clinical Instructor with experience in classroom and clinical settings.

Highly proficient in developing strong education programs, robust curricula and engaging lesson plans. Focused on helping students achieve personal and professional goals while improving patient care.

Work History Oct 2022 – Current

Skills Development and Simulation Lab Manager PSMC, RIYADH

· Implements the strategic plan for the nursing simulation and clinical skills laboratories.

· Operates and maintains simulation equipment, task trainers, computerized simulators, and virtual reality procedural trainers with the ability to follow scenarios and make appropriate adjustments to technology systems.

· Creates detailed inventory systems for equipment and related maintenance documentation.

· Makes recommendations for the purchase of equipment, supplies, and materials required for simulation-based sessions.

· Creates troubleshooting documents, simulator checklists, and preventative maintenance plans for simulation equipment.

· Sets up and operates equipment/AV system in rooms including equipment, supplies, moulage, etc. for simulation activities.

· Supports learners to maintain a safe learning environment

· Involved with the educational aspects of scenarios including debriefing/feedback.

· Maintains awareness of scheduling issues in relation to availability of physical and technical resources.

· Provides clinical instruction to students in approved health care settings, adhering to the policies of the clinical setting and the center.

· Participate in center and/or DON committee assignments.

· Discuss with students their concerns and/or problems directly or indirectly related to learning experience.

· Is responsible to assist the student to develop an understanding of values, attitudes, and ideals appropriate to the health care profession.

# هاني احمد ابوزيد

## ➤ EDUCATION WORK EXPERIENCE

Major in Family Medicine 2019 and fellowship in Diabetes Mellites and minor specialist Medical Education form Toronto , research area Chronic Disease and Diabetes
